

COME BE A PART OF IT

Enhancing Pathways Into Care

Tuesday 15th June 2010- 9.30am-2.30pm

Royal Victoria Holiday Inn Sheffield, Victoria Station Road, Sheffield, S4 7YE

EPIC has been used to describe many different types of initiatives that have been established in health to improve patient pathways and access to services. Because of the success we have had in Sheffield a manual was commissioned by YHIP to enable other localities to develop their own EPIC programme to improve access and more positive outcomes for BME people in need of mental health services.

The event is being organized by Yorkshire and Humber Improvement Partnership (YHIP) as a joint venture with SACMHA (Sheffield African Caribbean Mental Health Association) to promote and share good practice in the hope of improving the quality of mental health services across our region.

Money talks but the voice for quality shouts louder still. This event will show how EPIC can improve **Quality**, promote **Innovation**, increase **Productivity** and assist **Prevention**.

If you have a vested interest or is in a position to influence a positive change to accessibility and outcomes in mental health services for people from the BME communities, then this regional event is for you:

- Commissioners
- Equality and Diversity Leads
- Quality Leads
- Mental Health Provider Trusts
- Health Delivery Partnerships
- Voluntary and community sector organisations
- Community Development Workers (CDW's) and managers
- Operational managers
- Clinicians

To ensure this event is both enjoyable and beneficial we have a number of prominent speakers to keep you engaged, not to mention the excellent venue, food and the opportunity to network with people from across the Yorkshire and Humber region.

Places are limited so please book early by contacting Kerry Trainor on 01904 717 260 or by emailing Kerry.trainor@yhip.org.uk. Closing date to register is the 18th May 2010

This event is free to delegates but there will be a charge of £70 if you book and do not attend so please inform us at least 3 working days before the event.
